

SYNTHETIC TEST FIXTURE: not an HKEXnews document; every figure is invented.
Interim results announcement for the six months ended 30 June 2026
The board is pleased to announce the unaudited interim results of the group.

Business review

Revenue from 800G and 1.6T optical transceivers was the largest part of the group's sales in the period, and demand from data centre customers exceeded the capacity that was available to us. We expanded our module lines and we depend on a small number of suppliers for indium phosphide laser chips.
